**CANSCRIBE CAREER CENTRE
CANADA'S TOP-RATED MEDICAL TRANSCRIPTION SCHOOL
ACHIEVES ANOTHER FIRST**

LAKE COUNTRY, BC – There are more than one thousand Medical Transcription courses in North America; but there is only one Canadian school that has been awarded Medical Transcription Education Program approval by the American Association for Medical Transcription (AAMT) – CanScribe Career Centre.

This approval guarantees students that CanScribe Career Centre has met the stringent guidelines instituted by the AAMT to encourage compliance with their Model Curriculum for Medical Transcription, to maintain sound educational programming, to produce competent entry-level medical transcriptionists, and to provide assurance to the public of consistency and quality outcomes for medical transcription education.

There currently exists a critical shortage of quality trained Medical Transcriptionists throughout North America. With a graduate employment rate of close to 100 percent, CanScribe's graduates work on-site and from home for doctor's offices, medical clinics, labs, long-term health care facilities, hospitals, and both Canadian and US based Medical Transcription Service Organizations (MTSO).

"We have worked very hard at CanScribe Career Centre to be a leader in medical transcription training in Canada," said Colleen Gaudet, President and CEO of CanScribe Career Centre. *"AAMT approval is another milestone in our continuing program of excellence with close to 100 percent student placement."*

CanScribe Career Centre is a private educational institution located in Lake Country, British Columbia, whose nationally recognized Medical Transcription Course is available throughout Canada via on-line enrollment.

Other CanScribe "firsts" include:

- First fully interactive online MT Course in Canada.
- First and only Canadian MT School to be awarded the PIE (Partners In Education) agreement through MedQuist.
- First Canadian MT School to offer a Practicum to all graduates.
- First and only Canadian School to exhibit at both the AAMT (American Association for Medical Transcription) and the MTIA (Medical Transcription Industry Association) annual conferences.

CanScribe Career Centre is registered with the Private Career Training Institutions Agency of BC (PCTIA), is Certified with HRSDC for the purpose of issuing tax deductible tuition receipts to students, and is a member of the AAMT, the MTIA, and the Better Business Bureau (BBB).
